

# We're the clowns\* who voted for you, Christopher Finlayson.

**We voted for you to abolish racial seats,  
not trade our beaches for Maori Party votes.**

By voting for the Marine and Coastal Area Bill you are losing:

- ✗ Our votes in this year's general election
- ✗ Our donations to your campaign
- ✗ The votes and donations of our friends, who we'll be emailing about your treachery.

**It's not about mana. It's about money.**

This bill has nothing to do with fairness. It has everything to do with billions of dollars worth of minerals owned by us all. (New Zealand's Crown jewels.) It's about the Nats trying to trade away our birthright in secret deals with the Maori Party to keep power after the election.

**Tell Chris Finlayson how angry you feel!**
