

Dear Friend and Supporter

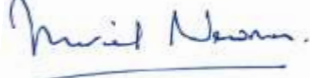

Thank you for becoming a subscriber to the weekly newsletter of the New Zealand Centre for Political Research.

The NZCPR is an independent think tank providing a research based approach to public policy issues. A key focus of the operation is to encourage free speech and open debate on political matters that challenge the wisdom of big government and state dependency. The NZCPR Debating Chamber provides a forum where your opinion counts.

It is only through the generosity of financial subscribers that I can maintain the NZCPR.com website, produce the weekly newsletter and run the centre.

By becoming a subscriber with a donation of \$50 or more, you not only help to keep the operation going but you have exclusive access to the online Debating Chamber Forum and more. A donation of \$250 or more entitles a subscriber to the Premium Information Service as well.

I warmly welcome you as a subscriber. It is only through your support that we are able to continue to advocate for political change. Your generosity is very much appreciated.

Kindest regards, 

Contact Information
