

NEW ZEALAND CENTRE FOR POLITICAL RESEARCH

Dear Supporter,

Thank you so much for supporting the New Zealand Centre for Political Research’s fundraising appeal to help build a fighting fund to assist two groups - the Council for Outdoor Recreation Associations of New Zealand (CORANZ) *and* the Landowners’ Coalition - that are opposing *all* of the Marine and Coastal Area claims lodged in the High Court in the public interest, to cover their legal expenses.

Your contribution will help fund the tens of thousands of dollars in fees and costs that these group will incur on behalf of the New Zealand public, as they oppose the 200 High Court applications that have been lodged by tribal groups seeking ownership and control of the coast.

Through your generosity, you will be helping to ensure that two groups will be standing up for you – and all New Zealanders - in the High Court.

Kindest regards,

Dr Muriel Newman
